

RFID Counters for Shri Amarnathji Yatra 2026

The following counters were established at various locations for distribution of RFID tags to the registered yatris during the Shri Amarnathji Yatra 2025. These strategically placed counters ensure convenient access for pilgrims across Jammu and Kashmir to obtain their RFID tags before embarking on the sacred journey.

RFID tags are mandatory for all pilgrims and help authorities track movement, enhance security, and provide assistance when needed. Please ensure you collect your RFID tag from one of these authorized locations before starting your yatra.
